1. **Media you are working in (e.g. painting, sculpture, video, installation etc). If you work in several media, list them, indicating the main one by underlining:**

2. **Do you currently require a studio**

3. **We provide various facilities at very low rates to members and associate members, including digital equipment, kiln work meeting space. For further information see the Green Close website, [www.greenclose.org](http://www.greenclose.org) or ring 015242 21233**

**Green Close Studios is a non-profit making company. We are able to provide studios and facilities at subsidised rates because we provide public benefit through a variety of educational initiatives. All members must support these objectives in principle. Further involvement with Green Close Studios projects is optional, dependant on individual choice and is paid. We need, however, to register your experience and potential interest in education projects. Although you will be providing us with a CV, we regularly search our database to find artists with appropriate backgrounds for project work and therefore initially need details in the following format.**

**Please indicate below those areas in which you have experience by ticking the “Experienced” box and outline this work in the “Brief details” box, showing where, with whom and in what media you worked. Also, whether you have previous experience or not, give an indication of your possible interest in our education and project work by ticking the box marked “Potentially Interested in Green Close Studios projects”.**
